VISLA GLASSWARE

VISLA
fine handmade glassware

The Lasting Beauty of Handmade Glass from Poland. The origins of the traditional glassblowing art can be traced back over several centuries.

Highly skilled craftsmen working in arduous conditions use just a few simple tools.

From the main components of sand and fire these artisans create fine glass articles of grace and style.

Each piece of Visla Handmade Glass is individually mouth blown to the designers' specifications.

The small variation that occurs from piece to piece is the hallmark of genuinely unique Handmade Glass.
